Help Us, Help Others

Carolyn Thoens

My name is Carolyn Thoens. I have been employed at a large non-profit agency for over sixteen years as a program director. I have been on the NII board for almost a year now, and am so moved to be able to collaborate with a great board and assist individuals when the need arises.

Several months ago we had a family living in Morris County who needed help with getting to and from work. There is very little public transportation to allow individuals to work late or additional hours. The mother was laid off and fortunately, was able to get her job back. However, the family was still

struggling to make ends meet. To enable both parents to work, they would use one car and take turns taking their four year old out at various times late at night to switch the car back and forth for work. Through NII, the family was able to receive financial assistance to purchase another used car. This allowed them to have some financial stability in their lives as well as being able to increase their working hours and income. Without foundations such as NII where 100% of your donations go directly to the applicant, families like this would not be able to continue working and supporting their selves. This touches me personally because I was in the same position over 20 years ago, when I had limited transportation resources. Now, I and am lucky enough to help others in need.

100% of all donations are given to those in need.

Please consider giving a gift to support the mission of Nothing Is Impossible as the tax year comes to close. Help us, help others for the holidays.
