

12 Days of Giving

Help Us, Help Others

Lauren McGivney

My name is Lauren McGivney and I am a board member of Nothing Is Impossible. Besides volunteering for the foundation, I work as a Human Resources Manager at the law firm of McGivney, Kluger & Cook. My parents started this organization back when I was a child and I have grown up witnessing first hand the importance of giving back to those who are less fortunate. Out of all the events that the foundation participates in, my favorite has always been the “Adopt a Family” program during which we shop for

families in need for the holidays.

One experience that has always stuck with me out of all my years of volunteering, occurred during the Christmas of 2004. I was just fourteen years old and the Nothing Is Impossible Foundation agreed to help bring food and necessities to poverty-stricken families of Morris County. It was Christmas Eve and I tagged along with my dad to deliver these donations. As we entered the meager apartment of an immigrant family, they were overwhelmed that people that didn't know them actually cared enough to provide food, clothing, medicines and a few inexpensive toys for their children. I will never forget the joy in that room as one of the small children ran around carrying bananas we had just delivered screaming in delight, "we have bananas, we have bananas!" They paid no regard to the few invitingly wrapped presents.

It is easy to take for granted every day items such as bananas that we may view as insignificant and easily accessible. To others, having a banana is a

once a year treat.

As we enter the Holidays I encourage you to consider donating to Nothing Is Impossible. Please help us help others. You can be that difference this year for someone struggling. Thank you and Happy Holidays!

100% of all donations are given to those in need.

Please consider giving a gift to support the mission of Nothing Is Impossible as the tax year comes to close. Help us, help others for the holidays.
